INTELLIGENCE MEMORANDUM

Situation in the Dominican Republic  
(As of 2300)

1. As of 2300 about 1,700 US Marines completed landing operations at Haina. We have received no further information concerning the tactical situation in the capital where the rebels still have the initiative.

2. The two battalions, about 2,500 men, of the US 82nd Airborne Division, originally destined for Ramey AFB, will instead be sent to San Isidro. Nine-two transport planes are being used; as many of these will land at San Isidro as the operational limits of the field will allow.

b. US withdrawal as soon as possible in favor of OAS trusteeship; and

c. OAS arrangement for massive economic aid.
